Services for Adults with Mental Illness

Assertive Community Treatment (ACT)
(Allegan, Kalamazoo, St. Joseph ONLY)

- A comprehensive and integrated set of medical or rehabilitative services provided primarily on a one-to-one by a multi-disciplinary mental health treatment team. The team provides an array of essential treatment and psychosocial interventions for individuals who would otherwise require more intensive and restrictive services (e.g., psychiatric inpatient, partial hospitalization, crisis residential, nursing home placement, or long-term specialized residential care). The team provides additional services essential to maintaining an individual's ability to function in community settings.

Assessment & Evaluation

- Comprehensive psychiatric evaluation performed face-to-face by a psychiatrist
- Psychological testing ordered by a physician and performed by a psychologist
- Other assessments and testing designed to provide information about the person's level of functioning and treatment needs

Case Management

- Services designed to assist a person in gaining access to needed medical, social, educational and other services. Core elements of case management include:
 - Assessment and identification of needs such as: Health, emotional, community integration, spiritual, transportation, financial, natural supports, etc.
 - Service plan development: Support and expertise for the formulation and implementation of goals designed to meet identified needs and promote personal development
 - Linking/coordination of services (medical, transportation, financial, etc.)
 - Support, encouragement and help in problem solving
 - Support and intervention in managing crisis situations
 - Advocacy of the person's interests and needs
 - Reassessment/follow-up and monitoring of services

Clubhouse Programs

(Kalamazoo, St. Joseph & Woodlands ONLY)

- The Clubhouse programs form an array of recipient-directed and professionally provided supports for individuals with serious mental illness. Clubhouse programs provide both informal and formal structures through which recipients can influence and shape program development. Covered psychosocial services are provided during an "ordered day". Interventions are provided to develop, enhance, and/or retain psychiatric stability, social competencies, personal and emotional adjustment, and/or independent living competencies, when these abilities are impaired due to mental illness.

Community Inpatient

- Inpatient services provided by licensed area psychiatric hospitals/units.

Community Living Supports

- In-home and out-of-home supports that focus on personal self-sufficiency, facilitating an individual's independence and promoting his/her integration into the community. The supports can be provided in the participant's residence (licensed facility, family home, own home or apartment) or in community settings. These include assistance, and/or training activities such as the following:
 - Meal preparation
 - Laundry
 - Routine, seasonal, heavy household care & maintenance
 - Activities of daily living such as bathing, eating, dressing, personal hygiene
 - Shopping
 - Money management
 - Reminding, observing, and/or monitoring of medication administration
 - Non-medical care (not requiring nurse or physician intervention)
 - Socialization and relationship building
 - Transportation
 - Leisure choice and participation in regular community activities
 - Assistance w/ arrangement and attendance of medical appointments

Crisis Intervention

- Unscheduled activities for the purpose of resolving a crisis or an urgent situation requiring immediate attention. Crisis intervention services are delivered through a 24-hr, 7-day per week service that is prepared to respond to persons experiencing acute emotional, behavioral, or social dysfunctions, and the provision of inpatient or other protective environment for treatment. Services involve assessments, diagnosis, crisis counseling, treatment and/or referral during crisis interventions and admission screening to ensure rapid referral and linkage to appropriate intervention.

Crisis Residential

(Kalamazoo, St. Joseph & Woodlands ONLY)

- Intensive crisis residential services intended to provide short-term alternative to consumer's regular living arrangement. This service includes both protection and treatment support. For persons with mental illness, the service provides an alternative to inpatient hospital admission. For those experiencing acute psychiatric crisis. Services include 24-hour room and board, psychiatric supervision, therapeutic support services, medication management/stabilization and education, behavioral services, milieu therapy, and nursing services.

Drop-In Center (Horizons Circle of Friends)

(Allegan ONLY)

- The Clubhouse programs form an array of recipient-directed and professionally provided supports for individuals with serious mental illness. Clubhouse programs provide both informal and formal structures through which recipients can influence and shape program development. Covered psychosocial services are provided during an "ordered day". Interventions are provided to develop, enhance, and/or retain psychiatric stability, social competencies, personal and emotional adjustment, and/or independent living competencies, when these abilities are impaired due to mental illness.
